

Isn't It Surprising?

Well! Well!
Who would have thought it?

The above and many similar remarks are being constantly made by people who, upon visiting our Men's Wear Department for the first time, find that—

It is still possible to buy Clothing and Footwear at the old prices.

But isn't it a fact that you can always get better goods at lower prices at McKee's than anywhere else in the west?

The reason is we are content with a reasonable profit and steady permanent business.

Have you ever tried hard to save money on your Grocery Bill?

It's mighty difficult these days isn't it? Everything seems to be advancing in price nearly every time you order. Take teas for example

These have all advanced lately, but you will find

McKee's. Special Tea still being sold at the old price.

You get the full advantage of our buying.

Same thing applies to every article.

TOWN COUNCIL Waterworks and Fireworks.

The Waterworks Committee dropped a bombshell into an otherwise perfectly sedate and peaceful meeting of Council when its report of the operation of the steam auxiliary plant at the pumping station was brought in, together with its recommendations that the services of Engineer Brennan be dispensed with.

Attached to this report was the report of the Provincial Boiler Inspector who had been requested to inspect the plant following its partial breakdown during the recent emergency created by the destruction of the power plant last week.

Mr. Brennan, in defence of his position in the matter, said, "This while he had to confess that the efficiency of the steam plant was considerably below par (in fact only 25%) he did not feel that he could honestly be held to blame for that condition." He instanced several matters which were responsible for the low efficiency of the plant, particularly the blowing down of the smoke stack and the refusal of council of certain regulations he had made last year, which he claimed, would if granted at the time, made considerable difference and added greatly to the efficiency of the plant.

The Chairman of the Committee, (Coun. Allard) informed the council of the very serious situation which had been created in town by the failure of the emergency plant. The two principal matters were the inability to supply the C. P. R. with water, and the exceedingly low pressure which had practically deprived the town of fire protection for nearly 30 hours.

The crisis of the whole matter seemed to rest on the point whether the engineer, knew that the condition of the steam plant was such

Hospital Board Secures Rebate of Taxes.

We are pleased to be able to announce that as a result of representations made to the Hospital Board and by that board to Edmonton, the tax on farm lands has been reduced from 5 to 4 cents per acre. (The amount approved by the rate payers).

Many requests, covering the limits of taxes, have already been made by the department and it is expected that all will be issued by the end of the month.

It must be credited to the Board that their protest against the levy of the five cent rate has so far borne fruit and it is evident that inasmuch as the department is concerned, it was not the intention to levy a higher rate than that approved by the board.

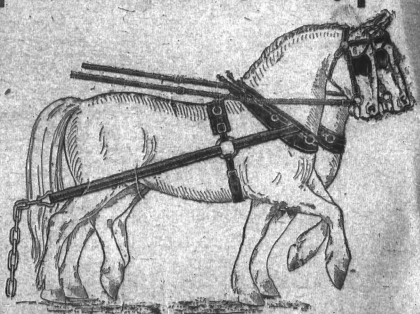

We are informed that the new wing of the hospital will be opened shortly and we are particularly pleased to announce that the work of the contractors has been very highly commended by the architect.

That the town was really without an emergency outfit or whether he had neglected the plant and was as ignorant of its condition as was the council, and believed that it was efficient to meet the needs of the town at a moment's notice.

In answer to the Mayor and Coun. McKee, who asked him if he remembered telling them last Tuesday that he could get steam up in three hours, Mr. Brennan said that he believed he could have got the plant running in that time, but found it was a much longer time before he could get sufficient pressure.

AN INTERESTING ANNOUNCEMENT.

In order to cope with the unsteady conditions of our buying markets we have been compelled to adopt a strictly cash basis for our business policy in 1920.

By this means we hope to give and get better service.

Buy an Irrigated Farm

From the Canadian Pacific Railway.

Irrigation makes the farmer independent of rainfall, and insures good crops, not occasionally, but EVERY YEAR.

Irrigation makes possible the successful culture of alfalfa, the king of feeders, which insures good returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement, with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Reference Block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever intelligently applied.

This is the most liberal offer of irrigated farm land on record.

And so say all of us.

The United Electric and Engineering Co., and the officials of the Natural Resources Dept. of the C.P.R., are to be congratulated upon the excellent work they accomplished in the providing of electric current from the "Dam" in such a wonderfully short time, and the people of Bassano are to be envied at securing such hearty support and co-operation as that which has been extended them by the C. P. R.

The United Electric Co. might have been excused, if, in the face of the recent disaster, which has followed so closely upon several accidents, all of which have meant severe loss, they had decided to cut their losses and quit. But, within 90 minutes after hearing the news, Mr. Brown had made arrangements for a supply from the "Dam" and had the material for the work rolling on its way to Bassano.

The C.P.R. was equally active and almost before daylight on Wednesday morning had their work gangs busy at the job of making connections. Under the supervision of their electrical engineer.

But even at that the completion of the work by Saturday was little short of miraculous and we are sure that every person in town will be in hearty accord with the motion of appreciation which was passed by the Council at its last meeting.

Well Done, Bassano!

Very few towns or cities in the whole Dominion can be as proud over their accomplishments in the great Inter-Church Forward Movement as can our own town of Bassano, for both co-operating churches (the Anglican and Presbyterian) exceeded their objectives the latter on Wednesday and the former by Friday.

The Presbyterian Church canvassers headed by Rev. T. S. Paton have made a splendid showing almost doubling their objective of \$700.00 while the Anglicans headed by Mayor Bredin have done almost as well with their canvass.

While the financial end of the campaign has been so very gratifying, the awakening of deeper interest in the work of the churches has been even more significant of success in the final objective of the movement which is the reviving of the religious spirit of our people.

Too much emphasis perhaps has been made on the financial part of the campaign, but it has been due to the laymen in the hope that once the churches are adequately equipped the deeper aims of the Forward Movement might be attained, for it has been realized that only by equipment can the churches hope to work in the most efficient and satisfactory manner.

Bassano has once more proved that even under the most adverse conditions it can rise to an occasion which is worthy of its wholehearted support.

Why Worry when a "Mail" Want-Ad. will sell, find or lose it for you.

If the Ford Motor Company of Canada, Limited, is able to build up to the limit of its capacity, only 27,350 Ford Cars will be built for use in Canada between January the first and July the thirty-first of this year. Divided among the total population of Canada this means one car to every three hundred and ten people.

It is easy to see that many people will be unable to get their Ford Cars at all, and many will have to wait for summer or fall delivery.

As Ford Dealers in this territory, we desire to deliver a car to every person in this district who wants one, but we cannot get the cars unless we send in the orders now.

If you will need a car later on, don't wait till spring before ordering. Put yourself at the top of the delivery list by signing an order today.

- and old 314 is good for many seasons more

Drawing from photograph of R. Gasperich and his 30-60 OilPull.

OUT on Gasperich's farm at Onida, South Dakota, old OilPull Number 314 is still "delivering the goods." Bought back in 1911, year after year she has given that kind of satisfaction that only an OilPull can give—and she is good for many years more.

As Gasperich himself tells the story: "For eight years now, number 314 has done the heavy work on the farm, cropping from 500 to 800 acres a year. We are just finishing breaking for the season, and the machine is working as good as when we first pulled eight breaking plows in dry land. The reason why we bought an OilPull was—first, because it was a guaranteed oil-burner second, on account of its strong, rigid construction, because of its actual power performance with a throttle-governed and smooth-running motor. And I'll say right here that the machine has far surpassed all our expectations."

"We have pulled eight 16-inch breakers in dry bunch grass, with dirt and drift behind. Purses have been broken the same kind of ground have used as high as eight horses on a single breaking plow and gone round at that. You can figure it out for yourself."

"We have pulled eight 16-inch breakers in dry bunch grass, with dirt and drift behind. Purses have been broken the same kind of ground have used as high as eight horses on a single breaking plow and gone round at that. You can figure it out for yourself."

"You can get the OilPull for less than three to ten times—there's a tip in it for you."

Let's talk it over.

FISH FOR LENT

During Lent we are making a specialty of supplying

all kinds of Fresh, Salt and Smoked Fish Etc.

As usual, our customers can depend on the

commodities we supply being the very best of

quality obtainable, and at most moderate

prices.

We pay the highest market prices for hides and furs

and are able to give you better prices for your cattle

and hogs.

Hospital District
No. 6

Re Resident Non-Ratepayers

Resident non-ratepayers within the

district are reminded that the terms of the

Municipal Hospital Act, 1919, and

of the statute under which the district

was formed, it is provided that

"Resident non-ratepayers upon the

payment of the sum of one dollar, or

thereof, before the thirty-first day of January,

in each year, shall be entitled to the

ratepayer's fee of \$1.00 per day."

All resident non-ratepayers who wish

to take advantage of this provision

should also that the fee is paid before

January 31st. Otherwise they will be

charged the full rate for the hospital

service.

New resident non-ratepayers within

the district are reminded that these privileges

(upon payment of the prescribed fee after

thirty days residence and before they

leave residence.

By Order,

CHARLES CARNEY,

Mayor, Bassano.

Miss Lela Glenderson anticipates at-

tending "Gleichen". Bassano College at

Calgary. Good idea!

Mr. Ed. Scott has been out on a trip

from Gleichen where he and his brother

have been hunting for a number of days.

He is quite a bookish animal and seems

up on the subject when you mention it.

Mr. and Mrs. Francis and little "Jen"

are home again after spending part of

the winter with friends at Gleichen.

Mr. Elmer Peterson, a former resident

is around reuniting acquaintances with

his old friends. He has taken up

and in Montana, but, like many, he

likes to return to the land of hard work

of the hounds of his earlier days.

It is a good thing to see that the

level of education is being adjusted

rationalistically. Good news (a very val-

uable asset) prevailed and dollars and

cents were thereby saved. The uncer-

tainty and high cost of court proceed-

ings were thereby eliminated. Mr. Edwards

as a successful arbitrator showed great

agacity. It would almost appear that

some men who are not lawyers should be

on the inside while some who study

"Blackstone" profusely spend a lot of

time and money for a cause that ought

not to slow justice.

The Forward Movement ought to re-

ceive that confidence and support it

deserves. It is a worthy cause and it is a

good thing that good men of good will

are interested in it. The heart of human

kind is always ready to give something

more than socialism is able to offer.

Your paper, Mr. Editor, for the past

few issues has not reached me as regu-

larly as it should. In the ordinary

course of events it would reach us on

Monday. "Your paper is getting very

popular and there are lots of inquiries

for it."

Mr. Chester Edwards has gone to

Majorville! It is a joke! There are also

quite a number of young ladies, and

don't you ever forget it.

There was a social dance at Farn Hill

school on Friday the 13th inst. Quite a

jolly crowd was present, good feeling

throughout, provided and coffee and cake

were vigorously assailed. The Majorville

Orchestra was again for the fore with

good music, and was ably assisted by

Mr. Stiller. A somewhat similar im-

prompt will be given at the library school

Friday evening 20th inst. All welcome.

the road around our village? It is not a

much needed, and so little on the thresh-

old where it is needed so badly. I

think we will have to report that question

to the City Council of the Municipality.

We feel very sorry indeed to have to

report the death of a neighboring young

man, Gordon Stuart, which occurred at

the hospital on the morning of the 12th

inst., as a result of some terrible

injuries received from a horse some days

some days previous. It appears that Mr.

Mrs. Bulmer who was called East by the sickness and death of her mother, returned home on Sunday.

Dan Shaw, the genial postmaster at Majorville, was a business visitor to Bassano on Tuesday.

The Whist Drive given by the Women's Guild of the Anglican Church last Friday at the Hunter Hotel was a great success. The prize winners were Mrs. Bigsby and T. H. Hunter, while the unfortunate on the reverse end of the scale were Mrs. Hobbins and A. G. Bond.

Mrs. J. L. Torgun received the sad news by wire on Tuesday that her father had died suddenly at Denver, Colo., following a paralytic stroke. The讣告 was closed that night as a tribute of respect to his memory.

Ed. McIntee is visiting in town this week. Mac was formerly the town engineer and has a large circle of friends in Bassano.

The Social evening given by the Musical Society on Tuesday last was easily the most successful and enjoyable of its kind ever given in town. Mrs. (Dr.) Neilson, who had charge of the entertainment program, and Mrs. Madill, who was responsible for the supper, and the committees who worked with them are to be congratulated upon the success which attended their efforts to provide something different.

Whew! The rush of social events during the past few weeks has been so fast that nearly every one will welcome the season of Lent which commenced yesterday (Ash Wednesday).

A number of local oddfellows are attending Grand Lodge which is being held in Calgary this week.

Service will be held at the Anglican Church on Sunday next at 11 a.m., when the sacrament of Holy Communion will be administered.

J. C. McCallan, the bushy hunter of Carleton Place, was surprised, returned from his trip east on Monday, perfectly sound and tickled to death at being back.

Miss Cooper visited her relatives and other things, at Medicine Hat during the week end.

Farmers! Watch for the date of the big agricultural meeting which is to be held shortly in town. Two of the most famous men in the province are to address the meeting.

Big Social Dance at the Bassano Hall on Friday, February 20th. Wilson's Orchestra, Good Time.

On Sunday afternoon, March 6th, a unique and interesting event will be given by the Musical Society in the shape of a Sacred Concert. This concert will be well worth while, for some of the most beautiful sacred numbers will be rendered by the choir and soloists.

TOWN COUNCIL

which an amendment to the report that Mr. Breckenridge, suspended pending an investigation and thorough test of the plant, was lost to the Mayor's casting vote, the report was finally adopted, and Mr. Breckenridge's services will be dispensed with after the 31st. of March.

A vote of appreciation to the Natural Resources Dept. of the C.P.R. and to the officials of the United Electric & Engineering Company for the splendid work accomplished by them during the past week in supplying electric current from the dam for the town in such a wonderful short time, was carried unanimously.

The report of the minutes of the special meeting held on Monday, Feb. 1st, showed that the council has made a proposition to the C.P.R. for supplying water at \$6. per 1,000 gallons for a minimum supply of 150,000 gallons per day, 7c. per 1,000 gallons for a minimum supply of 300,000 gallons per day, or in alternative to continue the present scale of 12c. per 1,000 gallons for a minimum supply of 100,000 gallons per day.

The matter of the town's bid against the United Electric & Engineering Co. was dropped with the proviso that the company relinquish all claims against the town.

Curtiss

IS IN TOWN

What is it? It is a Talking Machine, but not like any one you have heard previously.

It is designed and made by Curtiss Aeroplanes and Motors Ltd., the firm that built many aeroplanes for the British and Allied Governments.

They say it is "the last word in Talking Machines" and we agree with them.

For there is nothing so easy as here that will reproduce any sound as if you were seeing it and hearing it yourself. So come in and let us demonstrate it to you. We will be pleased to demonstrate it whether you buy or not.
